INVITATION

**Mediation and multidisciplinary as the key to harmonious
conflict resolution**

11. – 12. 10. 2024

Modra

Mediácia a multidisciplinarita ako kľúč k harmonickým riešeniam konfliktov

Mediation and multidisciplinary as the key to harmonious conflict resolution

Mediation und Multidisziplinarität als Schlüssel zu harmonischen Konfliktlösungen

Mediazione e multidisciplinarietà come chiave per soluzioni armoniose dei conflitti

A mediáció és a multidiszciplinaritás a harmonikus konfliktusmegoldás kulcsa

Mediacja i multidyscyplinarność jako klucz do harmonijnego rozwiązywania konfliktów

La médiation et la multidisciplinarité comme clé des résolutions harmonieuses des conflits

La mediación y la multidisciplinarietà como clave para soluciones armoniosas de conflictos

Медіація та багатодисциплінарність як ключ до гармонійного вирішення конфліктів

Медиация и мультидисциплинарность как ключ к гармоничному разрешению конфликтов

調停と多角的アプローチは、調和的な紛争解決の鍵です

调解与多学科综合作为解决冲突的关键

Annotation

The International Scientific Conference focuses on the importance of mediation and multidisciplinary in achieving harmonious conflict resolutions. Mediation, as an alternative dispute resolution method, enables involved parties to actively engage in the process of seeking mutually acceptable solutions. The integration of multidisciplinary approaches considers a wide range of factors influencing conflicts, such as legal, psychological, social, and cultural aspects. Discussions will revolve around the integration of different disciplines and approaches that can strengthen the mediation process and create sustainable and balanced outcomes. Conference participants will have the opportunity to explore practical examples and best practices in the fields of mediation and multidisciplinary, as well as share their experiences and research findings.

The aim of the international scientific conference is to promote collaboration among experts from various fields and provide a platform for a deeper understanding of the importance of mediation and multidisciplinary in achieving harmony and reconciliation.

Anmerkung

Die Internationale wissenschaftliche Konferenz konzentriert sich auf die Bedeutung von Mediation und Multidisziplinarität bei der Erreichung harmonischer Lösungen für Konflikte. Mediation, als alternative Methode zur Konfliktlösung, ermöglicht es den beteiligten Parteien, sich aktiv am Prozess der Suche nach einer für beide Seiten akzeptablen Lösung zu beteiligen. Die Integration multidisziplinärer Ansätze berücksichtigt eine breite Palette von Faktoren, die Konflikte beeinflussen, wie rechtliche, psychologische, soziale und kulturelle Aspekte. Gegenstand der Diskussionen wird die Verbindung verschiedener Disziplinen und Ansätze sein, die den Mediationsprozess stärken und nachhaltige und ausgewogene Ergebnisse schaffen können. Die Konferenzteilnehmer haben die Möglichkeit, praktische Beispiele und bewährte Verfahren im Bereich der Mediation und Multidisziplinarität zu untersuchen und ihre Erfahrungen und Forschungsergebnisse zu teilen.

Das Ziel der internationalen wissenschaftlichen Konferenz ist es, die Zusammenarbeit zwischen Experten verschiedener Bereiche zu fördern und Raum für ein besseres Verständnis der Bedeutung von Mediation und Multidisziplinarität für die Förderung von Harmonie und Versöhnung zu schaffen

Le Résumé

La conférence scientifique internationale se concentre sur l'importance de la médiation et de la multidisciplinarité dans l'atteinte de solutions harmonieuses aux conflits. La médiation, en tant que moyen alternatif de résolution des litiges, permet aux parties impliquées de participer activement au processus de recherche d'une solution mutuellement acceptable. L'intégration des approches multidisciplinaires prend en compte un large éventail de facteurs influençant les conflits, tels que les aspects juridiques, psychologiques, sociaux et culturels. Le sujet des discussions portera sur la connexion entre différentes disciplines et approches, qui peuvent renforcer le processus de médiation et produire des résultats durables et équilibrés. Les

participants à la conférence auront l'occasion d'examiner des exemples pratiques et les meilleures pratiques en matière de médiation et de multidisciplinarité, ainsi que de partager leurs expériences et leurs connaissances en recherche.

L'objectif de la conférence scientifique internationale est de promouvoir la collaboration entre des experts de différents domaines et de fournir un espace pour une meilleure compréhension de l'importance de la médiation et de la multidisciplinarité pour la promotion de l'harmonie et de la réconciliation.

Send the title and abstract of the conference paper by no later than: **July 31, 2024**

Send the conference paper by no later than: **September 2, 2024**

Register for the conference without a paper by no later than: **September 20, 2024**

Fee:

Participant fee: 85,- €

Day students and PhD students under 30 years: 65,- € (ISIC card must be presented)

Day students and PhD students under 30 years + buffet: 95,- € (ISIC card must be presented)

Option of publication without lecture at the conference (valid for foreign contributors): 55,- €

The participant fee includes: venue rental, conference organization, electronic conference proceedings, refreshments during the conference, lunch, evening buffet, evening program (cimbalom music)

Conference Sections:

School and peer mediation

The topics should enable conference participants to gain a broad and deep understanding of the issues surrounding school and peer mediation and to share best practices and experiences from various school environments.

Helping professions and mediation

The topics should foster discussion and knowledge sharing among professionals in various helping professions and contribute to a better understanding of the use of mediation in the context of assistance.

Law and mediation

The topics should allow conference participants to gain a deeper understanding of the use of mediation within the legal system and to share best practices and experiences in this field.

Mediation and probation

The content of the section at the conference on mediation and probation should encompass

various topics concerning the relationship between mediation and probation, as well as their utilization within judicial systems.

Civil and family disputes

The content of the section at the conference on civil and family disputes should encompass topics related to resolving conflicts in the areas of civil law and family law through mediation and other alternative dispute resolution methods.

Commercial and employment disputes.

The content of the section at the conference on commercial and employment disputes should encompass various topics related to resolving conflicts in the areas of commerce and employment, particularly through mediation and other alternative dispute resolution methods.

Cross-border disputes.

The content of the section at the conference on cross-border disputes should include various topics related to resolving conflicts between entities from different countries.

Science, research, and education in mediation.

The content of the section at the conference on science, research, and education in mediation should encompass a wide range of topics related to scientific research, innovations, and education in the field of mediation.
